GUIDANCE UPDATE 2021/2022

Fall 2021 Academic Delivery Plan

More than 12,000 students have participated in on-campus learning activities since July 2020. As most courses, programs and services will continue to be delivered remotely, a number of campus facilities will remain open to support on-campus learning activities. Our academic plans continue to be based on the advice of public health authorities.

We look forward to the gradual return of on-campus services and activities through the fall 2021 term. Students engaged in remote learning may come to campus to access some activities and services. To get the most up to date information for your students, please visit conestogac.on.ca/covid-19.

Virtual Events and Resources for Future Students

Do you have a student interested in a program at Conestoga? Register for one of our virtual presentations covering programs specific to an industry. Industries include:

- Business
- Community Services
- Computer Science & Information Technology
- Creative Industries
- Engineering & Technology
- Health & Life Sciences
- Hospitality & Culinary Arts
- Interdisciplinary Studies
- Trades & Apprenticeship

We also offer Program and Career Advising Information sessions for students who are not sure where to begin. To view the schedule and register, visit - thinkconestoga.com/events/

Virtual Guided Campus Tours - conestogac.on.ca/visit-us

Bachelor of Computer Science Program Launch Virtual Event - Join faculty and students as they discuss Conestoga's newest computer science degree. November 11, 2021, 2:00 PM-3:00 PM.

This session is intended for Counsellors and computer science teachers. If you are interested in attending, contact Jason Humphrey (jwhumphrey@conestogac.on.ca)

Program Changes

NEW – Nursing - BScN (McMaster) and RPN to BScN (McMaster)

New for fall 2022 admission: Students interested in the McMaster Nursing (BScN) program at Conestoga College will submit their application through the Ontario University Application Centre (OUAC). Applicants can select McMaster BScN (Conestoga site) from the program listings. If you have admissions-related questions for fall 2022, please contact bscnadm@mcmaster.ca. Please note: students may require a higher average to receive an offer.

Practical Nursing

Starting with the fall 2022 intake, the HOAE exam will no longer be part of the admission requirements for this program. Please note: students may require a higher than 75% average to receive an offer.

Police Foundations

Starting with the fall 2021 intake, applicants who wish to enter Police Foundations must apply directly to level 1 of the 0973 Police Foundations program.

Paramedic

The following courses will also be required in addition to the original admission requirements: Grade 11 or 12 Math, C or U, or equivalent; Grade 11 or 12 Chemistry, C or U, or Grade 11 or 12 Physics, C or U, or equivalent.

Respiratory Therapy/Paramedic

Starting fall 2021, admissions will no longer be accepting Conestoga's Pre-Health Sciences Pathway to Certificates and Diplomas for entry into these programs. For entry, admission requirements may be met by completing Conestoga's Pre-Health Sciences Pathway to Advanced Diplomas and Degrees program.

New Cambridge Skilled Trades Campus

To address the critical shortage of skilled trades workers, Conestoga is building a stand-alone Skilled Trades Campus on 41 acres in Cambridge with easy access from highway 401. Phase 1 involves the renovation and creation of a 330,000 square foot facility that will be a showcase for the trades featuring the latest technology. Conestoga's training capacity will be significantly increased with the campus expected to open by fall 2022.
