DAD JOKE OF THE WEEK

What's the advantage of
living in Switzerland?
Well, the flag is a big
plus.

Quote for the week

*"What we know matters,
but who we are matters more."*

Brene Brown

GOOD NEWS STORIES

Interesting facts about Queen Elizabeth II

At the time of her death, "at least 9 out of every 10 living human beings have never known a British monarch other than Elizabeth."

She was Queen for almost 30% of US history.

Her rule spanned 15 British prime ministers, with Liz Truss becoming the latest just two days before the Queen died, and 14 American presidents, all of whom she met with in person besides Lyndon Johnson.

The Queen ruled for so long that she made her eldest son, Charles, "the longest-serving heir apparent in British history" at 73. King Charles III took over immediately upon her death, though an official coronation will not take place until after a period of national mourning.

During her reign, the Queen traveled over 1 million miles, or the equivalent of 40 journeys around the Earth. That makes her easily the most well-traveled monarch in British history.

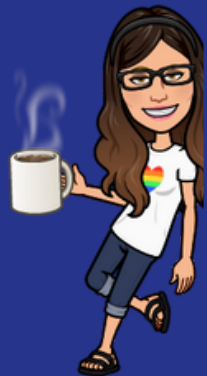

At the age of 19, Elizabeth was the first female British royal to serve as an active duty military member. She drove and worked on a range of military vehicles during World War II, including ambulances, as part of the Auxiliary Territorial Service.

*Loving God,
there is so much grief and pain
in this world. Help me to be
gentle and kind with those I
meet for I don't know what they
are dealing with today. Let me
an instrument of peace and
understanding for others this
week. Amen.*
