DAD JOKE OF THE WEEK

A priest, a pastor and a rabbit entered a clinic to donate blood. The nurse asked the rabbit, "what's your blood type?"

"I'm probably a type O," said the rabbit.

THE WORLD'S LARGEST VERTICAL FARM

As one of the hottest and driest places on the planet, Dubai, the most populous city in the United Arab Emirates, must import nearly all of its produce. Until now, that is.

ECO 1 is the world's largest indoor vertical farm. Located southwest of Dubai, the 30,000-square-metre facility grows lettuce, spinach, kale, arugula and other veggies. Even better? It uses 95 percent less water than traditional farms—and no pesticides are required.

All told, ECO 1 can churn out more than one million kilograms of produce every year, and it might just make reliance on food imports a thing of the past in Dubai.

Prayer

*Lord, make me an instrument of your peace:
where there is hatred, let me sow love;
where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy.
O divine Master, grant that I may not so
much seek to be consoled as to console,
to be understood as to understand,
to be loved as to love.*

*For it is in giving that we receive, it is in
pardoning that we are pardoned, and it is in
dying that we are born to eternal life.*

Amen.
