

Is there any other training provided in this program?

The program provides leading safety training and the job readiness skills required to help student gain employment in the electrical field they choose. This training includes:

- ▶ IHSA Working at Heights
- ▶ IHSA WHMIS
- ▶ ESA Tag Out Lock Out
- ▶ Ministry of Labour 4 Steps to Employee Safety
- ▶ Standard First Aid, CPR and AED
- ▶ Power Elevating Working Platform Operators permit
- ▶ Cover-letter and Resume writing
- ▶ Interview readiness

When can I get started?

You...

- ▶ Can start in the last semester of your grade 12 year (this is recommended)
- ▶ Could also return after graduation for a Gr.12+ year if you prefer.
- ▶ Need to apply for acceptance the year before you plan to attend.

How do I get more information and how do I apply?

- ▶ Visit your school's Student Services Office:
- ▶ Visit: www.haltonpathways.ca
- ▶ Visit and express your interest in this program on your myblueprint page: www.myblueprint/hcdsb
- ▶ Or you can contact Mr. Ferko Electrical Concentrated OYAP Teacher ferkom@hcdsb.org

Dual Credit
Concentrated OYAP

"ARE YOU INTERESTED IN EXPLORING THE ELECTRICAL FIELD TO FIND A CAREER THAT IS RIGHT FOR YOU?"

Offered at
Bishop P. F. Reding Secondary School

Electrical Dual Credit Concentrated OYAP Pathways

What is Dual Credit Concentrated OYAP?

The program is designed to help students make an informed transition to a post secondary pathway safely and competently.

► **Dual Credit** - Students will earn both high school and Sheridan college credits while attending this program; these are Elective credits. These credits can be used to provide exemptions from future Sheridan college program classes.

- **Concentrated** - in this program the students do not attend regular high school classes. The program provides one semester of all day electrical theory and work place training that is covered in most college electrical programs. Student will also be attending Sheridan College Davis Campus for classes one day a week.
- **OYAP** - is the Co-op component of the program. Students who successfully complete the one semester in school electrical training credits qualify to participate in the OYAP. The work hours gained on the students work placement can be used to reduce the hours required to complete an electrical apprenticeship.

This program is highly respected throughout the electrical industry; students leave with a well rounded resume and excellent employment opportunities.

Grade 11		Grade 12		Grade 12 +	
Sem. 1	Sem. 2	Sem. 1	Sem. 2	Semester 1	Semester 2
STUDENTS ARE REQUIRED TO TAKE: <ul style="list-style-type: none">▶ All Compulsory Credits for their OSSD +▶ A College or University level Gr. 12 Math credit.▶ It is also high recommended for students to take a Gr. 11 University or a Gr. 12 College Physics credit.		5 credits in High School Construction Technology & 2 Sheridan College credits + 2 Co-op credits in July.		5 credits in High School Construction Technology & 2 Sheridan College credits + 2 or 4 credit Co-op in semester 2.	5 credits in High School Construction Technology & 2 Sheridan College credits + 2 Co-op credits in July.
Students need to have all of their compulsory credits and a Grade 12 C or U Math completed before they can attend this program.
