Advanced Placement...

Is a program with

Added Value!

- Internationally recognized program that allows students to enrich the Ontario Curriculum with the goal of achieving university accreditation while enrolled at Bishop Reding CSS.

What is Advanced Placement?

- Started in 1955 by IVY schools and the College Board (SATs)
- Offered in over 140 countries
- Recognized worldwide
- 34 University level courses & exams are available
- Because AP courses are recognized worldwide, students may achieve advanced academic standing or equivalent credits at many universities in Canada, the United States, and overseas.

What does AP provide?

- topics and material studied in greater depth to enhance intellectual development
- opportunities for enriched learning that go beyond facts and figures.
- rich course material
- thought provoking classroom discussion
- demanding assignments
- development of knowledge and critical thinking skills expected of university bound students
- AP courses offer university level content to students at the Grade 12 level

What is Pre-AP?

Pre-AP is an advanced series of courses for students to help begin preparing for university and is designated to be a rigorous preparation for AP courses in Grade 12. The courses are intended to be challenging, but the benefits to students are well worth the extra work.

The Grade 9 Pre-AP Program

The Grade 9 Pre-AP Program at Bishop Reding CSS offers:

- English (ENG1DA)
- French (FSF 1DA)
- Geography (CGC1DA)
- Mathematics (MPM1DA)
- Science (SNC1DA)

Alignment of AP with the Ontario Curriculum

The AP curriculum and the Ontario secondary school curriculum overlap to a large extent. Students in pre-AP courses complete academic (9/10) or university (11/12) curriculum with appropriate extensions designed to prepare the student for writing the AP exams. Preparation for the exams is built into the program from grades 9 through 12.

The Grade 12 AP Program

AP courses at Bishop Reding CSS are offered in:

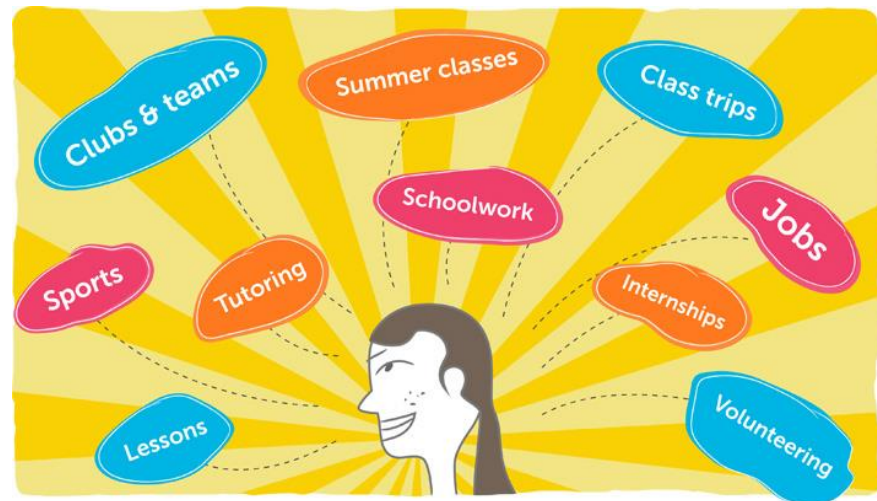

- English Literature & Composition
- Geography
- History
- Calculus AB
- Physics 1
- Chemistry
- Biology
- Computer Science

Current Pre AP Student Experience

- transition from gr. 8 to gr. 9; friendships
- leadership & growth opportunities that AP has encouraged
- preparedness for university – what has AP offered in the form of work habits, knowledge, confidence

I ♥
AP

Assessment and Evaluation

- Students will be evaluated according to the Ministry's assessment and evaluation policy documents.
- Students will be evaluated on the appropriate grade level curriculum expectations.
- Teachers of pre AP and AP courses are required to attend additional AP training.
- The course mark as determined above, will be multiplied by 1.05 to determine the mark that will be reported on the Provincial Report Card.

AP Exams and Scores

AP exams are written in May at Bishop Reding CSS. They are distributed by the College Board and administered by the school.

Each AP exam mark is a weighted combination of the student's scores on the multiple choice section 50% and the open response section 50%.

The final mark is reported on a 5-point scale:

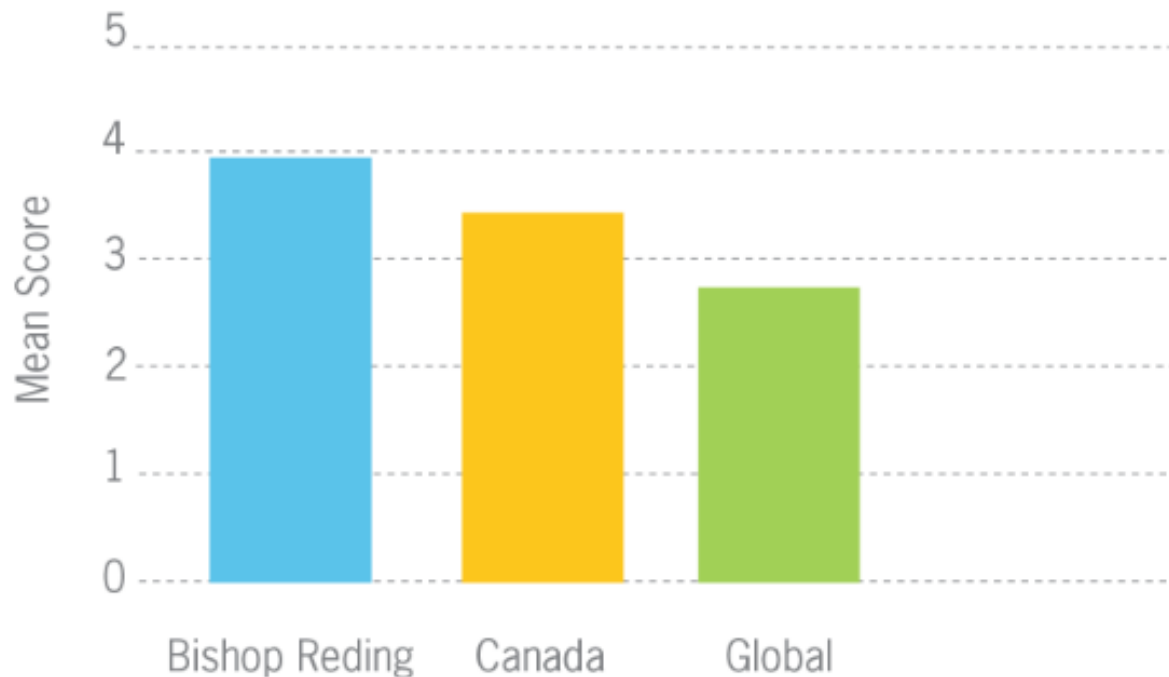

- 5 = extremely well qualified**
- 4 = well qualified**
- 3 = qualified**
- 2 = possibly qualified**
- 1 = no recommendation**

The submission of AP exam results is determined by the student.
