

# Join Us at ECF Ontario

## What is ECF?

The Education and Career Fairs (ECF) has helped the next generation of students and young adults plan out their education and career journeys by introducing them to resources and contacts from organizations across Canada. Since 1996, ECF has broken down barriers by cultivating an encouraging environment where organizations and individuals can chat, ask questions, and learn. In 2021, ECF will be coming to Ontario with 5 virtual fairs in February and March.

## What attendees can expect at ECF

- Connections:** Experience unique 1-on-1 interactions that lead to career-changing discoveries at ECF. School recruiters, industry experts and human resource managers share their own network of connections.
- Seminars:** Sit, listen and reflect at The Learning Lounge. Speakers share their experiences and wisdom on everything from paying for school to work/life balance.
- Reflection:** ECF and Niagara College are working in partnership with MyBlueprint to help attendees get the most out of the event by offering Pre-, During-, and Post Assignments. These assignments will help ensure students are engaged and interacting by asking questions.

## What Can You Expect at ECF Virtual?

- Opportunities to chat with representatives from different organizations and program
- Easy to download brochures
- Short, engaging videos
- Ability to watch partake in online seminars and workshops
- Multiple virtual fairs all throughout the year
- Pre-Fair time to explore the virtual platform
