

HZT 4U

COURSE BREAKDOWN

Course Overview

- Philosophy is the love of wisdom.
- Topics covered in this course include:
 - Human Nature
 - Philosophical Worldviews and Aristotelian Logic
 - Rationalism, Empiricism and Transcendental Idealism
 - Correspondence, Coherence, and Pragmatic theories of truth.
 - Materialism, Pragmatism, and Existentialism
 - Monotheism: The Ontological, Cosmological, and Teleological arguments for the existence of God.
 - Atheism, Agnosticism, and the problem of evil.

Take this if....

- you have ever asked yourself:
 - What is the purpose or meaning of life?
 - Does God exist?
 - Is there such a thing as the truth?
 - Is the world real?
- you want to build your critical thinking, communication and creative problem solving skills.
- you love discussion, debate and hearing others perspectives on big ideas.

YOU WILL LOVE....

- the video/podcast assignment on logical reasoning.
- taking time to open your mind and consider the deeper meaning of life and what is truly important.
- becoming enlightened about the human condition.
- having time to deeply examine life and our society.
