

AP Science Pathways

Grade 9: SNC1DA – AP Prep Science

Increased emphasis on critical thinking and labs
Content extensions in Chemistry, Physics and Biology

Grade 10: SNC2DA – AP Prep Science

Increased emphasis on critical thinking and labs
Content extensions in Chemistry, Physics and Biology
Teacher recommendation and completion of a transition package is strongly encouraged

Grade 11: SBI3UA – AP Prep Biology

Students learn grade 11 Ontario expectations plus additional units covered on the AP Exam

Grade 12: SBI4UA – AP Biology

Students learn grade 12 Ontario expectations plus additional units covered on the AP Exam

Grade 11: SCH3UA – AP Prep Chemistry

Students learn grade 11 Ontario expectations plus additional units covered on the AP Exam

Grade 12: SCH4UA – AP Chemistry

Students learn grade 12 Ontario expectations plus additional units covered on the AP Exam

Grade 11: SPH3UA – AP Prep Physics

Students learn grade 11 Ontario expectations plus additional units covered on the AP Exam

Grade 12: SPH4UA – AP Physics

Students learn grade 12 Ontario expectations plus additional units covered on the AP Exam
