Concentrated Ontario Youth Apprenticeship (OYAP)

- Students will take a number of courses in a specialized area and complete a 2 credit co-op course. Participants will learn from a certified person for a specific number of hours.

- A typical apprentice completes their high school diploma, gets signed on as an apprentice, and goes to college to complete Levels 1, 2 and possibly 3 of their apprenticeship training. They will then need to complete between 6,000 – 10,000 hours working with a qualified person. This could cost several thousand dollars. However, students who participate in the Concentrated OYAP programs can access the same learning and training opportunities for a fraction of the cost ($250), and in a shorter time period!

- OYAP students will often have the opportunity to complete Part 1 of their training and use the hours towards their apprenticeship.

OYAP Programs Available for Students:

- ○ Auto Body Repair / Painting
- ○ Brick Stone Masonry
- ○ Carpentry
- ○ Chef / Baker
- ○ Child & Youth Worker / ECE
- ○ Construction Craftworker
- ○ Electrical
- ○ Hairstylist
- ○ Heating and Air Conditioning
- ○ Precision Machining / Millwright
- ○ Transportation
- ○ Welder
