Specialty Programs Offered at Holy Trinity

Extended French: Available to students who successfully completed the Extended French program in Grade 9.

Advanced Placement: Available to students who were in **AP program in Grade 9** & also by application to those who achieved high academic standing in Math, French, Science, English or Canadian & World Studies. (Please note: \$150 one-time registration fee applies for students new to the program)

AP Capstone program Enrollment is through a **selection process based on program criteria**

- Prepares students for **Grade 12 Capstone Project**
- Designed for students who demonstrate readiness and interest

★ *When you choose a program, your schedule is built around it. The expectation is that you remain in the program for the full school year*

EXTENDED FRENCH

HALTON
CATHOLIC
DISTRICT SCHOOL BOARD

Holy Trinity

- If you are taking Extended French you must select both of these courses in Grade 10:
CHC2DF (Extended French History)
FEF2DF (Extended French)
- Students in this program continue to develop French Language skills by taking one course in Extended each year along with one additional subject taught in French
 - Grade 9: Geography & Extended French
 - Grade 10: History & Extended French
 - Grade 11: Religion & Extended French
 - Grade 12: Extended French
- Upon completing a minimum of four Extended French courses and 3 additional subjects taught in French (total of 7 courses), students will receive an Extended French Certificate at graduation.

PRE-AP & ADVANCED PLACEMENT

Advanced Placement at Holy Trinity

Grade 10 AP Prep Courses:

English ([ENG2DA](#))

French ([FSF2DA](#))

History ([CHC2DA](#))

Mathematics ([MPM2DA](#))

Science ([SNC2DA](#))

- **If you are thinking of dropping OR adding a course, you need to apply through Student Services. Please reach out to your Counsellor for next steps.**
- If you no longer wish to be part of the Pre-AP program, please contact your Guidance Counsellor for next steps.
- If you are no longer taking AP Prep courses and live OUTSIDE the HT boundary, you may have to return to your home school.
- Please pay attention to the pre-requisites on myBlueprint!

Choosing the Right Course Level

- Carefully consider your teacher's recommendations
- Do they match with your destination choice?
- Carefully consider your interests and possible career goals.
- You can choose to take a combination of applied and academic courses (e.g. university english, college/mixed math, college science)
- **16 by 16 = Success!** Will you have 16 credits by the time you turn 16 years old?

If you are unsure - make an appt with your Counsellor and we can help!

Reaching Ahead

- ☐ Some students choose to reach ahead in grade 10 with grade 11 courses
- ☐ Be ready for an increased workload and expectations
- ☐ Grade 10 students are committed to 4 courses per semester
- ☐ Dropping a course for a spare is not in option in Grade 10
- ☐ Once you choose to reach ahead with a course, you are expected to remain in it, even if your mark isn't what you hoped it would be. *There isn't an opportunity to drop a course in grade 10 or switch to a different course if things start going sideways.*
- ☐ We really encourage students to reflect on all of these points prior to choosing to reach ahead with any grade 11 course

Summer School

- If you plan to take a course in Summer School. Do NOT put in your selections now
- Instead select another course and use the “**ADD COMMENT**” feature to tell us your plan
- Registration for Summer School usually opens in April
- Information about Summer School can be found on the Thomas Merton Website <https://merton.hcdsb.org/secondary-students/summer-school/>
- Register for Summer School through: myBlueprint → Continuing Education

The screenshot shows the myBlueprint website interface. On the left is a dark blue sidebar with a list of navigation links: Home, Who Am I, High School, Continuing Education (highlighted in blue), Post-Secondary, Work, Money, Guides, and Favourites. The main content area has a white background. At the top of this area is the heading 'Continuing Education Courses'. Below this is a section titled 'Continuing Education' which contains the text: 'Your summer school course selection will not be approved until your Sign Off Sheet is signed by a parent/guardian and returned to your Guidance Counselor.' At the bottom of this section is a blue button labeled 'Explore Courses'.

Online Courses

- If you are interested in taking an **e-learning** course during the school year, you must select these courses through **MyBlueprint**
- The 6th character of the course code will have an “E” and “Online” will be listed next to the course name for easy identification.
- Daily log on required (75 min / day) with computer access
- **Asynchronous, self-directed learning** monitored by a teacher
- All courses delivered through D2L platform
- Some courses are offered outside of HCDSB
- **Not for everyone** - students should carefully consider their learning style

Selecting Online Courses

- An online course will appear as a scheduled class on your timetable
- **Log on daily to course on D2L (for 75 minutes each day)**
- **Devices are not provided**
- **Choose the ONLINE version of the course in MyBlueprint:**

English

Grade 9 ENG1D1 1 Credit Academic

This course is designed to develop the oral communication, reading, writing, and media literacy skills that students need for success in their secondary school academic programs and in their daily lives. Students will analyse literary texts from contemporary and historical periods, interpret informational and graphic texts, and create oral, written, and media texts in a variety of forms. An important focus will be on the use of strategies that contribute to effective communication. The course is intended to prepare students for the Grade 10 academic English course, which leads to university or college preparation courses in Grades 11 and 12. Students considering moving from one destination to another (e.g., applied to academic; academic to applied) are strongly encouraged to take a summer school course to encourage success in the transition.

Next Steps

Thoughtfully

Your choices NOW determine the courses we run!

- ☐ **Take time to think carefully** about the most appropriate courses and pathways for you now
- ☐ **Choose wisely** - the courses we run, and the number of classes for each course, are determined by your choices now
- ☐ **Changes are limited and often not possible** (*Example: moving from Academic math to Applied - courses are not built with extra seats in them for when you change your mind*).
- ☐ **Avoid disappointment later** by making thoughtful decisions now
- ☐ We want you to have the courses you need! Once the timetable is built, there is very little flexibility.
