

DECA Overview

Advisors: Ms. Carnegie & Mr. Sottana

Ontario DECA is a business association with over 200 chapters/schools that provides knowledge and skills to equip business students in the areas of: **Marketing, Finance, Hospitality & Tourism, Business Management & Administration and Entrepreneurship** as they prepare for various career paths in the future.

Our Holy Trinity DECA Chapter has transformed our students into great leaders as they become more confident and exemplify professionalism. This helps to make our school community better and by extension our economy. Having DECA experience also helps our students to become more marketable for universities/colleges.

Lastly, as a group we meet one day per week where we practice business cases and exam questions so we can be fully prepared for the different competitive levels namely Regionals, Provincials & ICDC. We have been successful and our Titans continue to shine!

REGIONALS

TOP 10 Overall in Regionals

PROVINCIALS (25 students)
