

Youth Inspire Community Day

A virtual event to inspire you.

If you're in grades 9-12 and want to strengthen your resilience, grow your leadership and personal development, and surround yourself with positivity, this event is for you. After all, **we are stronger together!**

The CYC has planned an epic evening that will empower you, inspire you, and connect you with like minded peers. You'll hear from inspiring speakers, including an RBC Olympian and RBCx musician, and a few local trailblazers making their mark & driving community change.

All Halton & Hamilton area attendees will be invited to participate and engage in meaningful community service initiatives after the event to help you complete your 40 volunteer hours to graduate high school.

And that's not all; there will be some engaging online activities leading up to the event for you to meet our speakers and partners and more opportunities to connect afterwards.

November 18th
7pm-9pm, EST

CYC embraces the movement of purpose, authenticity, and most importantly peer mentorship. **We are stronger together!**

“Paying forward the action of giving back creates a chain affect that lasts a lifetime. All you have to do is create the first link”
