

DRAMA

WHY TAKE GRADE 9 DRAMA?

All students need an arts credit to graduate!

We are the only school in the board that offers Grade 9 Drama! (Most start Drama in Grade 10)

Because Drama is so collaborative, it's the perfect course for Grade 9 students to meet classmates, build confidence and develop a feeling of acceptance within the STA community!

WHAT WILL STUDENTS LEARN?

Students will learn how to use body language, strengthen their voices and public speaking skills, and play a variety of roles in rehearsal and performance.

In addition, students will learn the invaluable skills of teamwork, communication, organization and problem solving through the creative process.

Drama courses

We offer Drama in every year of high school! Drama classes give students an opportunity get out from behind their desks every day to learn kinesthetically and collaboratively.

Theatre Aquinas

Students can get involved in our extra-curricular program by auditioning to play roles in our productions or volunteering to work on one of the backstage crews

We have created a safe, supportive and welcoming community of artists and we love when grade 9s join us early in their high school careers!

We can't wait to meet our new Drama students
next year in Grade 9 Drama:
